SECRET SEX CULTS: AN INTIMATE LOOK

What really goes on in a California coven

There is a witches' coven in Northern California that meets in a secret spot—a building with access to a private wooded area where outdoor rituals are held. The 18 witches who make up the coven believe they are practicing "Lovecraft," not witchcraft. In this coven there are men as well as women who call themselves witches.

Here, in the words of Pete and Felicia, an attractive couple who have no children, is an inside look at Lovecraft—and how it has revolutionized their sex lives.

"Witchcraft is not necessarily evil," says Felicia, a blonde in her late 20s who is a former beauty queen. "There is the black version and the white version. Most witches are in between; just people are neither all good nor all bad. Witchcraft is not necessarily worshipping the devil either, although some witches do that. Our coven believes in the force that animates all of us, the spirit which resides within everybody."

What really goes on at a meeting? Here's how it's described by Pete: "Meetings traditionally begin with the leader on a pedestal, her back to the group and her ass ex-

posed. We each have to kiss it," smiles Pete. "The kiss is a required sign of loyalty to the ideals of witchcraft, and we kiss regardless of gender. If the leader is a woman, I tend to linger somewhat. The longer the kiss, the more affection it implies."

Felicia adds that cleanliness is a major tenet of witchcraft, contrary to popular impressions of witches as ugly old crows. While some details may not be exposed to outsiders, Pete says "It starts out like a church ritual with an offering to the Force—usually wine, sometimes a piece of roasted meat or chicken. We also have incantations adapted from Satanism and Witchcraft. The difference between us and them is we don't worship either Christ or the anti-Christ. On the other hand, we're far from being atheists. We always exchange a kiss on the lips or a warm embrace with each member. Friendship, you know; we are almost like family."

"Then it becomes like a rap session and we each confess our shortcomings ... things we've not done we felt we should have, or vice versa; whatever's troubling an individual. And we allow five minutes

each for that; it's brief but cathartic. And once our coven reaches 25 individuals or so, it's divided into two groups because intimacy isn't possible with too many numbers."

Sexual experiences figure prominently at covens, both in the telling and the doing. Rimming is the only proscribed sexual activity; assisting is part of the biweekly gatherings, but only as applied to the leader.

Felicia notes that at a meeting a member is chosen to pay tribute to past witches via ritual sex. Lovecraft obviously takes non-jealous partners because for a month or two back, Pete was chosen. As everyone else looked on he kissed the beautiful chief witch's ass, and then proceeded to rim her. Members, incidentally, are allowed to play with themselves and each other.

Fern (as she calls Fernando) finished rimming Samantha and got out the broomstick. The coven broomstick. "It's special because it's an old-fashioned broom, said to be almost 200 years old, with a modernized tip. The tip is a vinyl, wood-colored carving representing a witch on a broomstick, only the witch's hat is a stylized phallus.

"We lie down and stroke ourselves and each other as we're getting high,"

Fern took the broom and coated it with a special lubricant we use, and then he fucked Samantha. I think she goes overboard in her reactions, but it was a sight and I was extremely turned on."

And how did Felicia and Pete satisfy her own lust? She lay in a corner of the padded room and masturbated, gradually. "We have 12 females and six males, and one of the men nearby offered me the use of his fingers. I didn't refuse him, but I wanted Pete to bring me to climax."

And so he did. Although Lovecraft, as described by Pete and Felicia, appears to be a variation on an elite sex club (members are quite affluent), they insist there is more to it than that. A nationally known witch they won't name is now composing a Lovecraft Bible, to be a blend of a witchcraft primer history and the Kama Sutra. "The ancient Hindus used uninhibited sex to express themselves spiritually," notes Pete. "Sex is like food, and it's ridiculous to eat only one thing over and over. We both like food, we both like sex. Why shouldn't we explore? It has nothing to do with loving each other less. I know for a fact I could never live with any woman but Felicia."

She explains that their Lovecraft coven is very couple-oriented and includes six couples, five of them married (all members are under 35). The remaining six females are witch associates, catering to the bisexual nature of many covens. In the U.S. the associates are usually the spiritual leaders. Samantha, for example, is a college instructor and an expert on the history of witchcraft.

"The women dominate witchcraft," allows Pete. "They always have. But it's somewhat nicer for us guys because there are two females for each one of us." When they married, Felicia and Pete were faithful to each other. In less than a year Pete had an affair with an associate's secretary and Felicia was contemplating divorce.

"We decided to spend more time together, trying to know each other better," she recalls. "We

watched a documentary about witchcraft and that got us reading. Somebody told us about a coven in town. We inquired and they referred us to this new one. We don't feel we're unfaithful; we explore new avenues of pleasure and sexuality together and we both benefit from it. We do it there, even if it's with others."

Felicia brings up the fact that since becoming a witch she has embraced bisexuality and has therefore "doubled" her pleasure, which has improved both partners' sex lives. "Since we've become open to Lovecraft and experimenting," Pete reveals, "neither of us is afraid to try anything new, and I think that's what really keeps sex exciting. I've

a "glen," where they dine on wine, bread, and cheese after some sexual trysting—hors d'oeuvres, as it were.

After dinner come the mushrooms, accompanied by a chant and a holding of hands in a circle. "We lie down and stroke ourselves and each other as we're getting high," says Felicia. "I like to kiss Pete while it's happening. It's a very eerie but pleasant sensation.

"Then we split up into groups of three; couples with an associate. We just do our own thing, but we each try for something we haven't experienced before. I've gotten into fist-fucking lately, believe it or not. When you're high, it's different, and I've had Pete do it to me while Lydia strokes my face and makes me con-

watched my wife make love to another woman; I've seen her in situations with women and myself, and once with another guy. I'll admit I didn't care for that—and neither did his wife too much. There is a definite preference for each couple to co-sexualize with one of the witch associates."

In its efforts to expand their realm, the coven sometimes partakes of drugs, but never the hard stuff. However, magic mushrooms are a favored way of getting high yet remaining sexually capable. A few times a year the 18 go to a secret gathering place described as

centrate on our feminine bodies. After Pete's inside me and I'm really comfortable, I just go hog-wild, kissing, stroking and doing whatever comes to mind. I'm kind of frenzied at such times, and I'm not sure what I'm doing to whom. The anonymity of it is part of the thrill. Pete also likes that."

What else do witches in covens do? At their biweekly meetings they stress "communing with the earth," for witches of old were very close to nature and often knew more about curative herbs and plants than doctors—one reason physicians often

"Once in a great while the sexes separate and the women go off on their own."

testified against them during medieval trials. Even communing with nature can be sensual, the way these suburban witches practice it. The he-witch offers:

"Once in a great while the sexes separate and the women go off on their own. What we men do is talk out our sex experiences, problems or fantasies. That lasts a little while, then we wander off on our own and jerk-off in the woods or we have a circle-jerk, like kids do, trying to see who can ejaculate the farthest or soonest or take the longest. Other than that I'm afraid we're not a very

been going at it too hard. Sam then worked her way inside her cunt, trying to pry out the dildo that was inside. It was messy but somehow exciting. I get turned on by the unusual, as long as it doesn't hurt too much.

"Another time I fucked myself with a small vibrator (not one of those awful thick ones). Two of the girls sat at my side and watched. They also helped me. One offered me a joint, but I prefer the mushrooms and I don't like to make that a habit.

"From what Pete says, we're

better lover than any guy I've ever had. He is jealous when it comes to other guys and I hope that'll diminish enough to let me try on some other lovers for size, maybe even some younger dudes. What's wrong with being curious, wanting to try something new? I let him have the pleasure of other female witches. It even gives me a thrill to watch him please another woman, and I'm secure enough to know that at the end of the day, he's mine, all mine," she says.

Apart from engaging in frequent and varied sex, modern witches prefer natural foods to manufactured products and they are still into herbs and medicinal plants. Many grow weed (but not Felicia and Pete, who have their affluent lifestyle and standing in the business community to consider). Witches do not believe in preaching their beliefs to others, but this particular coven, at least, is active in trying to push for more liberal sex laws concerning prostitution, pornography, and the creation of special red-light districts. Also, most of the female witches are feminists, although Felicia is not actively involved.

"Unfortunately, other than the sex and our interest in herbs and such," declares Pete. "We're enjoined against discussing the other aspects of witchcraft with outsiders, including the ESP side of it. I'll just say we're not weird spiritualists who conduct seances. We're dead earnest about psychic phenomena, UFOs, and other matters. In addition to being a witch, I'm a Rosicrucian, but that's a long story."

Once in a while the couple-associate bond is put aside long enough to try something different. The last meeting, for instance: "We did the ass-kissing, which is nothing new to any of us, though it may

gregarious bunch, we men, and there's no bisexuality between us. Take that as you will.

"Last time the guys went off I took along Pete's vibrator, just to try something new. No, I didn't stick it up my ass; I haven't gotten that far yet. But I vibrated the thing on my dick, like there were two dicks in my hand. Then, as I masturbated, I moved the vibrator up and down my balls and pointed it at my crack but didn't venture in.

Felicia gives her version of what women witches do on their own:

"We all gather together with things we've brought along, like dildos, vibrators, and other sex toys. One of the witches once stuck a dildo up her pussy and somehow it got stuck inside her; she must've

much more into sharing our sexuality and we engage in bisexuality, mostly using dildos on each other. In our meeting hall there's a shower room for both genders; most of us shower before every meeting. We also use baby powder and scents very liberally. I don't necessarily think you need to have an orgasm to call it sex; foreplay is okay for its own sake. And I confess I love the feel of a woman's skin next to mine as we lie together and roll around and exchange positions, caressing each other's private areas. It's a beautiful thing, something only women can share—it's a form of spiritual communion, of celebrating our own sex.

"That doesn't mean I prefer women to men, or to Pete. He's all the man I could desire and he's a

shock outsiders," explains Felicia. "And then we showed a slide show on voodoo in Haiti. We explore international aspects of witchcraft and non-malevolent cults. Then we went into the main hall, because it was too chilly to go outside, and we split into three groups of two men and four women each. Of course Pete was in my group, but so was a male witch I've rather fancied for some time—that is, he's quite attractive and, from what I've managed to see, big and talented.

"Anyway, I'd looked forward to this, and since we had two avid

enjoyed the control, believe me—and then, as I began to come, they would let go and ejaculate, right onto my tits, from both sides. They'd massage the creamy cum into my tits and stroke my stomach, touch my neck.

"Meanwhile, Lisa could masturbate too, if she wanted. I knew the scene would turn anybody on. And that's what we did, me arching my back as I came, feeling the hot sting of cum hitting my skin. I looked at both the men's contorted faces and I couldn't help shouting out with pleasure. The others in the

on my cock and another chick held my hand and tickled my palm. And don't think that's something to ignore. The other girl sat by my head and she'd lean forward from time to time, and dangle her big tits big over me. I'd grab at them and try to suck one at a time, but it's not the easiest thing, with your wife staring you in the face. For a bit I was uncomfortable, but Felicia's a good egg. She got the message and shut her eyes as she rode my big dick.

"I was free to tamper with the witch's warm tits, and I sucked and licked her curved roundness with my eyes shut so I could not see if my wife happened to peek. Being uninhibited is infectious and it's the only way to enjoy, wife or no wife.

"Meanwhile, the girl at my feet had progressed to sucking individually on my toes, sucking my big one like a cock. I felt her pussy brushing against my soles. The girl with my hand was using it to pet her pussy, which was a little distracting to me, but she manipulated my

bisexual females in our group, they sort of sidled off on their own. I was the center of my subgroup's attention and I voiced the desire to live out one of my fantasies: Last time we'd done this the other she-witch fulfilled her fantasy, and I borrowed part of mine from her.

"I lay on the padded area, with Pete and this guy Keith on each side of me. Lisa was at my feet and she was massaging them tenderly; we're good friends, even outside the coven. So I had the men start to masturbate and I did the same, turning my head from one side to the other, watching Pete, then Keith smiling at Lisa. The men also occasionally locked eyes, and that was a super feeling for me.

"The plan was for the men to wait till I gave the word—and I

room turned to look and the feeling of supreme narcissism was one of the most flattering things in my life. I just wished I had a video of that performance to keep forever.

"Pete thinks I've only had one guy other than him, but that's not quite so, though I haven't done anything with a guy who wasn't a witch. Still, I won't go into that."

During another fantasy session, Pete got off in a long wished-for manner. "That night I had four chicks to myself, including Felicia. One of the dudes was out with a bad cold. It was like having a harem, but with my wife, which keeps my head screwed on straight.

"So I had one of the girls massage my feet, which is another thing I've turned on to. My wife sucked

hand by poking my middle finger into her warm, wet crevice. I had all these sensations going on through my hands and feet—on my lips; in my dick; all this flesh rubbing with mine, setting every nerve ending on fire. I couldn't wait to come, yet I wished it would go on forever.

"Finally I came, and it was one of the best—if not the best—ever! The next moment it was over and I was thinking up some new way to enjoy the company of these four beautiful chicks."

The final word is had by Felicia: "We're not sex fiends, but you'd never know it to read this. We don't have sex that much more often than most, but we do focus on quality and spontaneity. It's just one aspect of loving witchcraft, but the most important one to us.

ADRIANA

Adriana's been thinking some dirty thoughts, and the only way to clean her conscience is a nice hot bath. Hot water helps the blood flow. There's hot passion growing inside her and without thinking she starts to finger her pussy, softly scratching the developing itch. Soon, there is a vibrator pulsing in her pussy and a glass dildo probing her tight ass.

LETTERS FROM OUR READERS

Letters that should or shouldn't have been written, but you sent them to us anyway!

ASK ME TO STAY

It was a lazy Friday morning and I was awakened up by the brush of a hard nipple of my wife's breast grazing me across the face as she climbed over me. I knew Kathie had to shower before she left for work, but I wanted to fuck her like we did the night before.

But this morning we didn't have time, so I could only admire her round ass jiggle as she walked out of the room naked. After a few I few minutes I got out of bed as well, pulled on my shirt and boxers anyway, and headed to the bathroom to use the toilet.

As I approached the bathroom, I heard the water of the shower. I thought now I might get some action this morning after all. I opened the door and pulled down my boxers relieving my bladder of its pressure. After I finished, I pulled aside the shower curtain and climbed in.

The water sprayed me in the face and I couldn't see for a second, but I heard a female gasp behind him. I turned around, wiping the water out of his eyes and opened them to see the dripping naked body of Kathie's best friend, Annette. I stared at her for a good five seconds before realizing what I was doing, and immediately averted my eyes.

"Wow, Annette! I'm so, so sorry. I thought it was Katie in here." I was cut off by a finger pressed to my lips, telling me to shush.

Her gaze went down my body. I realized that her line of vision had stopped right at my cock, which was standing at full attention from being so close to this hot babe's naked body. Annette took a step closer, lifted her chin up, and gave me a small kiss on the lips.

"Smile Elliot. I know you didn't mean to walk in on me, but you could stay for a little bit, couldn't you?" she said in a soft voice. I wasn't sure what to do. I loved Kathie, but here was her hot best friend; naked, wet, and asking me to stay. I just looked at her.

Annette then wrapped her arms around my neck, kissing me more forcefully this time. I couldn't help myself as I reached around and grabbed a handful of her firm ass. Annette pulled back from the kiss, a sly smirk on her face. I smiled back, giving her ass another squeeze. Annette then dropped down to her knees, grabbed hold of my turgid cock and wrapped her hot, wet lips around it.

Once her tongue reached the base, she started slowly retracting her mouth, running it along the underside of my cock. Annette sped up, swirling her tongue over the head and jerking my cock with her hand. After several minutes of

THAT'S WHEN I LOST IT AND SHOT PEARLY STRANDS OF CUM DOWN HER THROAT.

this, I was close to busting a load. I was about to tell her to stop but then she grabbed onto my ass and pulled me all the way in, shoving my cock down her throat. That's when I lost it and shot pearly strands of cum straight down her throat, which she swallowed heartily.

Now it's my turn, so I pull her up, lowered myself, and kissed her right on her pussy and flicked her clit with my tongue. I tongue fucked her for minutes, then shoved two fingers into her pussy as I sucked on her clit. I worked my fingers in and out of her tight pussy.

I continued this until she was gasp-

ing again. I knew she was close, so I carefully positioned my fingers inside of her and began pressing on her g-spot as I continuously flicked her clit with my tongue. Annette grabbed me by the hair and shoved my face deeper into her pussy. Her wet, naked body tensed up, and she bit on her fist to stifle her moans as wave after wave of pleasure wracked through her.

I stood up and brushed her cheek. She was having trouble standing from her climax, but I held her up and looked into her eyes. Without a word, she turned around and bent over. She turned her head to look at me, and her eyes begged for me to fuck her. I stared at her marvelous, round ass for a moment. I smirked, and gave her a quick smack on her ass. I thanked her for the tryst and told her I'm gonna go, but I'll meet her here again tomorrow morning. She slapped my ass as I stepped out of the warm shower.

Tony C., Brooklyn

TAKE ME NOW

Corrine and I work at the same office. She's a very married blonde with long legs, great ass and great boobs. We got to talking and found out that she wasn't as happily married as she led on to be.

One day, we were talking and I was complaining about my girlfriend and Corrine suggested we have an affair since we were both unhappy. I was floored. Never did I imagine that I'd have a chance to sleep with a lady like this. We decided to have an afternoon tryst the next day.

Today is Thursday, one day later and we went to "lunch" and

parked outside my apartment. We went in and immediately started kissing and petting. She was wearing a little black dress and I pulled out one of her boobs and bit and sucked on it sensually.

Then I slipped a finger inside her neatly trimmed blonde pussy as she grabbed my cock. We stumbled over to the couch and started to French kiss. Then Corinne suddenly started undressing herself leaving only her thong panties on. I got naked, rock hard, and we started another wet kiss.

I whispered into her ear that I wanted to fuck her bad. She said "take me now." just like in the movies and so I laid her down roughly on the floor and we got into a sixty-nine position. I started eating her pussy and playing with her hole. I just licked and licked until she came. And it felt great having my cock in her mouth as she moaned and groaned through her climax.

We got up and went over to the couch. I spread her legs and lifted her ass in the air. I took my cock and slid it inside her moist pussy, telling her how beautiful she was and how much I'd wanted to fuck her. I started gently, but she wanted harder! I rammed into her harder, telling her that I was going to fuck her as much as I wanted!

Next I laid her face down on the sofa and penetrated her again

SHE KEPT TELLING ME TO FUCK HER HARDER WHICH I DID AND SHE CAME HARD.

from the back this time. She kept telling me to fuck her harder which I did and she came hard, stifling her screams into the seat cushion of the couch. I felt me cumming too and I pulled out and shot rope after rope of hot sticky cum on her ass and back. We fucked dozens more times during the year. It lasted until her husband found out and we had to stop. But not for too long!

SAMANTHA

There are two types of people in this world: people who are happy with a little bit of sex, and people who can't get enough. Samantha certainly can't get enough. Sometimes it takes more than one guy to satisfy her. Sometimes it takes three dudes pounding her happy pussy to shake her thirst. Every hole filled and filling her with more cum than she knows what to do with.
